

LOA 4.75m
 LWL 4.66m
 BOA 3.67m
 Sail Area (Q14)
 Mainsail 9.5sqm
 Jib 3.6sqm (screecher in red optional)
 Empty weight 175kgs
 Loaded weight 380kgs

**Strike 16 trimaran beach cat conversion
 using beach cat rig and hulls**
**(Quattro 14 shown but most 14ft beach cats are suitable alternatives.
 Except Hobie 14, as its hulls have too little buoyancy and the beam mounting is unsuitable.
 In light wind areas the rig from a 16ft beach cat can be used together with Q14 hulls)**
